take back to their Board

- Perhaps create a framework for Best Practices that would help people think about this – perhaps be split up into Movement Competence, Healthy Living and Active Living and Living Skills and Learning Skills and A&E
- Joanne suggests “open space” conference – stations – people are given the heads up about topics prior to the conference – could be a good idea to engage teachers for local boards

**What the afternoon may look like:**

- Best Practices – see above for topics + adding a secondary components to the list (Destination, HAL and Focus)
- Coming Back
- Collective Call to Action with specific goals in mind for each person’s role
- 
- There are a few other things we need to look at for the Call to Action:
  - It is going to be Post Election – what will be our Key Asks for this new government?
  - 
  - 1. Getting the Elementary Curriculum
  - 2. Getting the Secondary Curriculum
  - 3. Consultants at all School Boards
  - 4. Specialist HPE teachers
  - 5. Mandatory HPE for Secondary

<p><b>AQ Course</b></p>	<p>4 different ones.</p> <p>We need to take the time to provide an Oasphe response. Deb Lawlor has provided a personal response and shared with us. It appears they are very general and do not contain the information we need to have our teachers learning.</p> <p>Due Oct 25<sup>th</sup>: Joanne is willing to take the lead on it. Julie, George, Carol, and Lara volunteered.</p>	
<p><b>Secondary Curriculum – Ophea collecting teacher feedback re: resources</b></p>	<p>From Chris: Ophea has put out a call out to Regional Leaders to lead this.</p> <p>Public Health Agency of Canada funded this to get information from Education, PH and Recreation – it is broader than just community. Community leaders are collecting data – qualitative vs. quantitative. It is being done differently depending what the area wants.</p> <p>The goal is to find out what the youth are wanting to be engaged in the area of Physical Activity.</p> <p>Data is being collected for the next 6 weeks and will come together in Nov and share those results.</p> <p>From George: What has been the reaction provincially from teachers as they seem to be frustrated with all the tapping of info when there is no set date for the curriculum release.</p>	

	<p>Lara commented that in our area there is no problem.</p> <p>Chris said that it would be very important for Oasphe to provide feedback from an Association and would be looked at highly.</p>	
<p>OASPHE member attending / reporting for meetings.</p>	<p>Ophea representation: Chris Markham</p> <p>CAC: Joanne Walsh, Carolyn Temertzoglou, George Kourtis, Lindsay LaMorre, Lorna Tremonti.</p> <p>OTF/EDU Fall Meetings: Lara Paterson &amp; Carolyn Temertzoglou</p> <p>Safety: Sue McMahon, Lara Paterson</p> <p>Propel: Chris to report to the Executive</p> <p>Healthy Schools: Sue McMahon and shared by exec. based on availability.</p>	
<p>Updates</p>	<p><b>Healthy Schools Update:</b>  There will be funding to support Secondary Curriculum and it's connection to PPM150 – 1 teacher per school. When and how much has not been said.</p>
