To Whom it May Concern:

The effective partnership between OASPHE and the Hasting Prince Edward District School Board has been a mutually beneficial relationship. It is a rich connection that keeps us aware of provincial initiatives and strengthens our connection for delivering curriculum while promoting best practices.

We are confident that having a representative from our Board at the OASPHE table has established a reciprocal benefit for communication and professional development. Our whole system has had such a positive infusion from these benefits, and we are further ahead for our involvement with such subject associations. I would recommend supporting such an engaging exchange between such valued stakeholders.

I hope this helps provide a basis for your consideration.

Yours, In Healthy Active Living,

Kathy Soule
