Healthy School Recognition Conference May 14, 2007 U of Toronto Athletics Centre	We have 63 schools sending four students each and one teacher from schools across Toronto. They will have a Keynote on leadership, sessions on how to run intramurals, innovative variations of basketball, inclusive games, and mass activities to rotate	For more information, contact Bev MacKenzie (TDSB) <a href="mailto:Beverley.Mackenzie@tdsb.on.ca">Beverley.Mackenzie@tdsb.on.ca</a>

	<p>through. During lunch, there will be a carousel of presentations from public health, national eating disorders, and displays of equipment on loan from the board. The theme is getting to the masses with activity, which is fun and inclusive and creating a health conscious environment in their schools. The students will receive a booklet on convenorology, a pedometer, t-shirt and bag. The staff members will go away with a jump drive with templates for tournaments, our intramural safety documents and handouts from the sessions. At the final plenary session, Steve Freison will talk to the students about intramurals. These students will be given a grant to start up the publicity awards that they will need to get intramurals going in their schools.</p>	
<p>DPA Survey for Teachers and Administrators</p>	<p>Online surveys were created to evaluate the process of DPA in our schools. Over 1350 respondents. The IT department is now assisting us in putting all the statistics together. This information has helped us focus on what is needed, and desired in our 2<sup>nd</sup> round of DPA workshops. We also are comparing TSM schools vs. non-TSM schools re: the progress of DPA, as well as EQAO scores.</p>	<p>For more information, contact George Kourtis (TDSB)  <a href="mailto:george.kourtis@tdsb.on.ca">george.kourtis@tdsb.on.ca</a></p>
